Brooklyn, NY | mgp10022@nyu.edu | +1 (929) 783-7934

Reporter covering business, tech, and sports, with a track record of fast, accurate copy on deadline

JOURNALISM EXPERIENCE

Forbes

Jersey City, NJ

Editorial Intern, Wealth, Valuations & SportsMoney

June 2026–Present

- Rotated onto Forbes' breaking news desk, turning around stories in under 45 minutes on fast-moving corporate and tech developments, including Apple's trade-secrets lawsuit against OpenAI and OpenAI's launch of a workplace AI agent.
- Reported on funding- and valuation-driven net worth moves, including Helsing's new \$18 billion valuation, translating deal terms, cap tables, and market data into net-worth and enterprise-value analysis on deadline.
- Research public and private companies using SEC filings, earnings reports, investor presentations, and industry databases, extracting figures and disclosures with broader market significance.
- Fact-check reporting, financial figures, and company claims against primary sources including filings, earnings materials, and official disclosures.
- Landed an exclusive interview with Canva cofounder and CEO Melanie Perkins on the company's philanthropic pledge, alongside interviews and background research with founders, executives, and investors.
- Pitch and develop original story ideas spanning business, sports, and culture, publishing directly into Forbes' CMS across desks and formats.

NYU Business & Economic Reporting

New York, NY

Reporter

Sept 2025–May 2026

- Covered breaking AI and tech news on daily deadlines for Business News Daily and CohortNews, tracking companies like Nvidia, Anthropic, and Vertiv, turning product launches, policy developments, and company announcements into clear, timely digital copy.
- Reported and wrote data-driven business features on tariff policy and transshipping, AI data center infrastructure, and consumer technology safety, using interviews, public records, policy documents, and company disclosures.
- Conducted phone and in-person interviews with CEOs, small business owners, industry experts, and consumer advocates; pitched story ideas; fact-checked claims against financial and policy documents.
